

SONOSAX SX-ST8D IN THE INDIAN MOVIES

Mr Baylon Fonseca, Indian sound recordist working at one of the major film production companies, has recently received his SONOSAX SX-ST8D equipped with the Integrated 8 ways A/D Converter. This is the first SX-ST8D delivered in India.

During a first trial on a commercial, Mr Fonseca reported: "*Worked on the mixer all day...I just love my SONOSAX, can't tell you how wonderful the mixer is...its just the way a production console should be*".

Mr Fonseca is currently working with his new SX-ST8D on a set for the feature film "Lucky by Chance".

France - TAPAGES expands its fleet of SONOSAX SX-ST8D

Mr Olivier Binet, managing director and owner of TAPAGES, one of the major rental companies in Paris, has recently acquired 3 additional SONOSAX SX-ST8D mixers for his rental activities, thus expanding his offering to 8 mixers.

With these recent sales there are more than 125 SX-ST8D mixers delivered worldwide by SONOSAX. This means that the SONOSAX SX-ST8D is becoming the new standard for "on location" productions.

SONOSAX SX-R4 BetaTest in progress

The new 8 track digital recorder SONOSAX SX-R4 is currently in production. A few numbers of SX-R4 have been provided to the expert hands of beta testers to work with it under real-world conditions. The first deliveries should take place by early May. However, due to the continuously increasing number of orders, all new orders may have a lead time of up to 8 weeks. Please check with you nearest local dealer for delivery terms.

124TH AES CONVENTION

The next AES Convention will be held at the RAI Convention Center in Amsterdam from May 17 to May 20. This year SONOSAX will be co-exhibiting on "Merging Technologies" booth nr 2517.

All current and new products such as the SX-ST8DR with integrated recorder, the new SX-R4 and SX-M32 will be shown during this exhibition. In addition, some exciting new products will be announced, stay tuned !
