

Come visit us at  
Booth #C5047

In this issue:

**SONOSAX** present at the NAB **p.1**  
NEW **SX-AD8+** and **RC8+**  
**SONOSAX SX-R4+** Firmware 2.1

And the winners are... **p.2**

## SONOSAX will be present at the NAB

After several years of absences we are very pleased to be again present at the next NAB show in Las Vegas - April 18 to 21. You are more than welcome to visit us on our booth C5047.

We will present our full range of products such as the **SX-ST** and **SX-ES84** mixing console, **SX-M32** field mixer, **SX62R** mixer-recorder and of course our new **SONOSAX +** series:

**SONOSAX SX-R4+** multi-channel portable audio recorder, since its launch about 6 months ago the **SX-R4+** encounter a great success; it offers not only superior sonic performances but also a very intuitive user interface. A close collaboration with several sound engineers helps us in developing all the features required nowadays for on location recording.

**SONOSAX SX-AD8+** 8 channel portable microphone preamplifier, made with the same preamplifier and A/D converters as on the **SX-R4+**; the **SX-AD8+** offers outstanding sonic performances and an overall dynamic range of 135dB. Equipped with four AES digital outputs as standard, analogue outputs on XLR5 or audio over Ethernet will be available as option. The **SX-AD8+** can be used either as companion to the **SX-R4+** or as stand alone to add very high quality mic-pre to any equipment providing AES inputs.

**SONOSAX RC8+** a dedicated Front Panel for the **SX-R4+** providing 8 rotary faders with function switch to extend mixing facilities in the field. The **SX-RC8+** provides 4x TA3 connectors used as AES breakout box for the multi-pin AES input connector on the **SX-R4+**, allowing easy connection of AES sources such as digital wireless receivers, and 5x Hirose 4pin for power distribution. It also offers an additional phone output and a **Slate/Com microphone**.

## SONOSAX SX-R4+ firmware 2.1 is released

The firmware version 2.1 for the **SX-R4+** has just been released and can be downloaded from our website on the "Support" page. This version offers numbers of new functionalities and improvements. An up dated manual is also available as pdf file and also as "html on line manual".

# SONONNEWS

AND THE WINNERS ARE...

Césars 2016  
Academy Awards

CONGRATULATIONS TO  
François Musy and Gabriel Hafner  
awarded for Best Sound  
on Xavier Giannoli's movie  
"Marguerite"

and thank you to François and Gabriel for using the **SONOSAX SX-ST8/R** for sound recording of dialogues and music !!

Loyal SONOSAX users since the early hours, François and Gabriel have cumulate an impressive list of productions in their respective CV and have been awarded many times along their career.

Partner at NosSonMix in Rolle they masteries all aspects of sound for movies; on location recording, editing, post-production and final mixes have no secret for them, and this not only in its technical aspect, but also in a constant concern that their works support the essence of the film.

OSCARS 2016  
88th Academy Award

CONGRATULATIONS TO  
Leonardo DiCaprio  
awarded best leading actor  
in Alejandro González Iñárritu movie  
"The Revenant"

This reminds us of the famous Titanic, whose sound had been made with a **SONOSAX SX-S** console by sound engineer Mark Ulano; a film that helped us winning the 1994 Academy Award for Best Technical Achievement for our **SONOSAX SX-S** mixing console.

Special thanks to Leonardo DiCaprio for his fantastic and so lucid speech about ecology and sustainability on our planet; it is wise listening to the end.
