SONOSAX Greetings p.1
New distributors in Sweden & Germany

Lisa Pinero, what a smile ! p.2
Congratulation to Chris Watson

*The **SONOSAX** team
wishes you
a
Merry Christmas
and a
Happy and Prosperous New Year*

SWEDEN: SEMAFOR becomes SONOSAX distributor

Founded by Mr. Björn Zabell about 20 years ago, Semafor Mediateknik AB is the Swedish distributor for a range of market-leading European suppliers in terms of wireless communication, mixers, recording devices, commentator systems, digital clocks etc.

" With our extensive experience from the industry we offer our customers quality products and total solutions and services for professional use. With personalized service, quality and reliable deliveries, we give our customers the best from the best."

Björn is a very enthusiastic person, always full of vigour and energy; we look forward for a dynamic collaboration with Björn and his team.

GERMANY: ZEIGERMANN_Audio appointed as co-distributor

Do we really need to present ZEIGERMANN_Audio?

Beside of being a very kind person, Volker Zeigermann - founder of the company - is renowned since decades for his skills and his expertise in professional audio.

Fan of SONOSAX products since the early years, Zeigermann_Audio has always been close to our company; offering our products on their rental activities and for sales as reseller, their technical knowledge allow Zeigermann Audio providing excellent support in servicing SONOSAX products.

Appointing Zeigermann_Audio as co-distributor in Germany was in the air, but nothing would have been possible without the understanding of our long term distributor GRUPPE 3. Thanks to the friendly collaboration of Ed Parente and Jan Redepenning of Gruppe3, the final agreement was concluded during the Tonmeistertagung in Cologne.

At SONOSAX we are more than happy to welcome Zeigermann_Audio on board aside Gruppe 3 and we look forward for the new synergy in the German market.

SONONNEWS

Lisa Pinero

freelance sound engineer and proud owner of a SONOSAX SX-ST mixer with which she completed dozens a feature films and countless episodes of TV Series since it was acquired in 2005.

After 11 years of intensive use, Lisa shipped it back to factory for a full revision; the SX-ST is back to work in "like new" condition, ready for the next 10 years!

Lisa recently added the new SONOSAX SX-R4+ recorder to her sound cart.

More at:

<http://www.imdb.com/name/nm0684101>

"Just a note to thank you for getting my **SONOSAX SX-ST** mixer through the works so quickly! I started production on a new film (Bright) here in Los Angeles and the mixer feels like new!!

Also, I've already put my **SX-R4+** to use on my cart as a recorder which I can easily pull out and use as a very light and powerful "over-the-shoulder" recorder when I need one. The interface is very simple to learn and use. The build and sound quality is amazing as always.

Warmest regards,
Lisa Pinero"

Congratulation to Chris Watson

Chris Watson is a Sheffield-born musician and sound recordist specialising in natural history. Chris has developed a particular and passionate interest in recording the wildlife sounds of animals, habitats and atmospheres from around the world and is now one of the world's leading recorders of wildlife and natural phenomena.

More at: www.chriswatson.net

"Just returned from Kenya where I was recording elephants in Amboseli with my SX-R4+ The recorder performed really very well in the harsh 35°C environment" Chris Watson
