

SX-LC8+ MIDI USB testing

Document revision 1.0, September 2020

1. **Download & install “MIDI-OX”**
For download this software go to: <http://www.midiox.com/>
2. **Configure your SX-LC8+ on MIDI USB mode**

3. Connect the SX-LC8+ with your computer and run the “MIDI-OX”.

4. Move the faders and push the buttons, if the communication is good the screen looks like the picture.
